## COLLEGE NOTES

A YEAR ago it seemed unlikely that the Magazine would appear in 1943, but it has been granted a reprieve once more by the authorities of the University Press. The College, like the Magazine, continues to struggle on under growing difficulties. To be Bursar of the College in these days, when problems of catering and service are complicated by the activities of Lord Woolton and Mr. Bevin, is almost a task for a superman, and even Mr. Ferrar, despite his versatility in countering the many missiles of an unkind fate, might have succumbed had he not received invaluable assistance from his heads of departments. The Chef and Cooling have performed miracles, and our acting steward, Badger, confronted with emergencies which his predecessor Pollicott never dreamt of in his worst nightmares, has preserved an unhurried calm. Larsen, who has been acquiring fresh distinctions for his excellent work in the Home Guard, still exercises his benevolent despotism in the Lodge, but for a long period the College was unable to find a regular night porter. In this impasse the Bursar handed over the task to a number of Hertford undergraduates, each taking one night in turn; the experiment proved a brilliant success, and the duty is still performed by an undergraduate every Saturday night in term.

There have been no further changes in the composition of the Senior Common Room. Mr. Scott, to whom we offer our congratulations on his engagement, is still acting as our Chaplain. Mr. Fifoot has ceased to superintend the fire-fighting arrangements of the College; his former functions in this respect have been taken over by the Principal (with some assistance from Mr. Scott). Mr. Thomson is now stationed near Oxford and is a frequent visitor, but his visits are usually very brief as his time is fully occupied with multifarious duties.

The number of undergraduates in residence has been almost the same as it was last year. Our Keble contingent left us last June, but the connexion with Oriel persists, and there are now nearly forty Oriel men in the College. In rowing they have reasserted their independence, but in other activities their co-operation with us has been maintained and extended. Details of the performances of the joint clubs are given elsewhere, but we must here congratulate the combined Hertford-Oriel side on their successful progress through the hockey Cuppers and their decisive victory in the final round. We also congratulate Sohrab Ardeshir on his manifold athletic achievements and on being the oldest inhabitant of the Junior Common Room. As the sole survivor of the pre-war era he maintains the continuity of the J.C.R. through a period of constant change, and constitutes a unique repository of the old traditions.

It is not yet certain what changes will be brought about after June by the new regulations of the Ministry of Labour. There will certainly be a sharp drop in the number of undergraduates reading the normal courses in non-scientific subjects, but this will probably be balanced by a further increase in the number of R.A.F. and other Probationers taking six-month courses in the University. There are at present thirty of these in residence as members of the College, including seven Naval Cadets.

## COLLEGE CLUBS AND SOCIETIES

## THE BOAT CLUB

LAST Trinity Term Hertford and Oriel combined to produce one of the better eights on the river, though our early form gave little encouragement. Mr. Wright coached the boat most of the term and Mr. Martin for the last ten days, during which considerable improvement was made. In the middle of training the boat paddled to Abingdon and back; on the whole this was beyond the crew's staying-power, but in the following outings the crew worked together better.

On the first night of Summer Eights (which were held in two divisions) the boat bumped St. Edmund Hall, and on the second rowed over behind the Trinity-Balliol boat. We bumped the New College-Magdalen boat close to the finishing post on the third night, and rowed over on the last night, ending in the third place.

In the Michaelmas Term the Oriel and Hertford clubs decided to sever their connexion for the coming year. R. Teale was elected Captain and A. J. H. Sale Secretary of the Hertford Club. In the races arranged by the O.U.B.C. for Junior and Fresher Fours we entered one Junior Four (Allen, Sale, Huggill, Teale\*) and one Fresher Four (Hayes, Sanders, Perkins, and Brewer\*); Mallinson coxed the former, J. G. Walker the latter. The races were rowed on November 28th from Timms's to the O.U.B.C. In the Fresher Fours we won our first heat, but were beaten in the second by Oriel, who went on to the final. Our Junior Four in its second heat met St. Catherine's. As they were to win the final easily we did well to row a dead heat with them and to be beaten only by a narrow margin when the race was re-rowed.

In the Hilary Term the two fours were combined for Torpids; Harrison, who had just come up, took the place of Perkins. The crew never really settled down until a week before the races, and also suffered from the lack of a coach, although the Captain did his best from his position in the boat. On February 13th the crew paddled down to Radley for practice, and to see Oxford beat Cambridge. Torpids were held on the last three days of the sixth week of term. Hertford started second in the second division. We bumped Oriel on the first day, thus acquiring the

\* Stroke.

position of sandwich boat, where we remained for the rest of the races; although we got within half a length each day of the B.N.C.—Christ Church boat, we were unable to catch them.

The Torpid was: *Bow*, L. J. Heyes; 2, A. J. H. Sale; 3, G. R. Harrison; 4, V. G. Brewer; 5, J. A. W. Huggill; 6, J. H. Sanders; 7, A. G. Allen; *Stroke*, R. Teale; *Cox.*, A. Mallinson.

#### HERTFORD COLLEGE LAWN TENNIS CLUB

*Captain*: S. ARDESHIR. *Hon. Sec.*: G. R. ROWELL.

The Club had a remarkably good season. Seven friendly matches, of which six were won and one lost, were played prior to Cuppers by an exclusively Hertford side, composed of: S. Ardeshir (Capt.), G. R. Rowell (Hon. Sec.), C. W. Perring, W. B. Powell, W. J. A. Mann, J. H. Sanders, and occasionally J. W. Battersby. In Cuppers we joined forces with Oriel; the combined team reached the semi-finals and was only just beaten by Balliol. The members of this team were: S. Ardeshir, C. W. Perring, J. Becke (Oriel), J. S. Wallace (Oriel), A. T. W. Austin (Oriel), and G. R. Rowell.

S. Ardeshir played for Oxford against Cambridge in both the singles and the doubles; he was also awarded a 'Penguin'. G. R. Rowell was an old colour from last season.

#### HERTFORD COLLEGE SQUASH RACQUETS CLUB

*Captain*: S. ARDESHIR. *Hon. Sec.*: A. G. ALLEN.

The season was rather unsuccessful on the whole. In Michaelmas Term we played in 'A' Section of a Squash League which had been formed, but won only two out of seven games. In Hilary Term we lost to Corpus in the second round of Cuppers after receiving a bye in the first round.

Originally the team consisted of S. Ardeshir, D. Evans, W. B. Powell, and A. G. Allen, with W. Adams, H. G. Duncan, or R. Teale at 5th string. In Hilary Term Evans injured a knee, but B. Thomas and H. Glegg came into the team at 1st and 5th string respectively.

#### HERTFORD AND ORIEL HOCKEY CLUB

*Captain*: B. L. HUSON (Oriel). *Hon. Sec.*: D. P. LEESE (Oriel).

The Club has had another very successful season. In the Michaelmas Term the numerous victories won by the team in a series of friendly matches showed that an unusually strong side would be available for Cuppers in the following term; M. Adams and J. S. Carroll were the most promising of the new recruits. In the Hilary Term Adams was unable to take part in Cuppers because he was asked to play regularly for the University, an honour which he well deserved. His place at centre-half was taken very well by Boobyer, a new-comer who got a trial for the Varsity and was unlucky that there was no vacancy in the half-line; Dunn, another new-comer, came in as left-half.

The College was made hockey-conscious by the vigorous propaganda of the Secretary, who completed his masterly preparations by inducing two old players, Preston and Ardeshir, to join the ranks once more. Several 'friendlies' were played and won, but the most important events were the matches for the Inter-Collegiate Cup. After a triumphant progress through the first three rounds we met the combined team of St. John's and Worcester in the Finals, and in an exciting game defeated them 2-0. We were much encouraged by the presence of the Principal, Senior Tutor, and Chaplain of Hertford. All members of the team played well on

this occasion, but special commendation should be given to the brilliance of the Halves and to the outstanding performance of Huson.

The members of the team (who were awarded their colours) were: S. Ardeshir (*Goal*); R. C. Crichton, B. L. Huson (*Backs*); D. P. Leese, P. J. Boobyer, P. R. B. Dunn (*Halves*); A. E. Preston, R. E. Ellins, D. J. Evans, J. S. Carroll, G. R. Newman (*Forwards*).

### HERTFORD AND ORIEL RUGBY FOOTBALL CLUB

*Captain*: P. H. COLDWELL. *Hon. Sec.*: J. M. BURCH.

We could only muster four old colours at the start of the season, and consequently Freshmen made up a large proportion of the team. After relegation to Division II in Michaelmas Term 1941 the team prepared to regain its former position, and to do this all League matches had to be won. Such was the keenness of the team that success was achieved in all these games, each being won fairly comfortably, often by a margin of 15 or 20 points. This placed us at the top of Division II and therefore eligible for promotion to Division I, but unfortunately for us the change-over is being deferred till next season, when our claim will stand.

Fielding the same team in the Hilary Term, we won a large majority of our matches, including League matches, but in Cuppers we drew formidable opponents, and lost narrowly to St. Edmund Hall and Queen's by 8-6 points. The game was fiercely contested, with our forwards often near their line, but a 3-point lead at half time was not maintained, two Varsity players contributing to our defeat.

Prominent forwards during the season included N. B. Cryer, D. A. Firth, S. L. Cotton, and R. F. Double. We had an excellent pair of halves in G. Atkinson, scrum-half, and W. G. Jenkins at fly-half. The best of a strong three-quarter line was J. Gray, and J. M. Burch at full back was always reliable.

R. F. Double and G. Atkinson both played several times for the Oxford Greyhounds.

Colours were awarded to G. Atkinson, N. B. Cryer, R. F. Double, J. Gray, W. G. Jenkins, J. M. Benyon, D. T. Clarke, A. C. R. Fox, P. Gill, J. A. Parsons, B. A. Thomas, D. P. Wade.

D. A. Firth has been elected next year's captain.

### HERTFORD AND ORIEL A.F.C.

*Captain*: J. A. CHITTY (Oriël). *Hon. Sec.*: J. GRAHAM (Hertford).

The Soccer club had a reasonably successful and extremely enjoyable season. Greatly increased support this year enabled us to field a combined Hertford and Oriël team without outside assistance, and indeed there were always plenty of substitutes available when required. Eighteen games were played, of which 7 were won and 4 drawn. Three of our games were against Service sides; in the first, we were overwhelmed by a vastly superior R.A.F. XI, who treated us to an exhibition of first-class football, in the second we drew with, and came near to defeating, an Army XI, and finally we narrowly beat C.S.M. Larsen's Oxford Home Guard XI. Our career in Cuppers was disappointingly short, as we were unfortunate enough to be drawn in the first round against the eventual finalists, and lost 6-1. The team played hard, clean, and at times very good football, and every game, even if not a victory, was certainly a pleasure. Colours were awarded during Michaelmas Term to J. Graham and J. R. Northam (Oriël), and at the end of the season to R. E. Ellins, H. G. Duncan, T. W. Bridgland, M. V. C. England, H. C. Hargreaves, J. Leese, D. Nightingale, and E. D. Taylor (all of Hertford) and to S. Price (Oriël). J. R. Northam played for the University against Cambridge on March 4th.

## BOXING (HERTFORD AND ORIEL)

WE were again well represented in University Boxing. Preston and Dronfield fought in the Varsity Match at Cambridge and also in the Oxford Town Hall against the United Hospitals. Against Sandhurst we were represented by Griggs.

## MISCELLANEOUS

Two Hertford men were included in the team which represented the University against Cambridge in the Athletic sports held at the Iffley Road ground on March 6th. J. Gray won the mile for Oxford in 4 mins. 36.6 secs. D. P. Wade was second in the 100 yards and also in the Long Jump (both these events were won by Oxford).

Hertford men have also played a prominent part in the activities of the University Jiu-Jitsu Club; in the latest match of the Judo Club four out of the seven members of the team were from Hertford. B. McConkey, of Hertford, is the President of the Club, and M. England, L. Kramer, and J. Heyes attained to various grades of distinction.

The Inter-Collegiate Sailing Cup has now been won twice in succession by a Hertford-Oriel combination; the victorious team was composed of A. E. Preston (Hertford) and W. W. Phelps (*Oriel*). It is hoped that the interest of the two colleges in this sport will be maintained during the present season so that we may win for the third time running.

Hertford and Oriel combined for cricket in the 1942 season, but no record has been preserved of the performances of the combined team or even of the names of its officers; there seems to have been a complete break in the continuity of the Club, which is unusual even in war-time conditions. L. K. Purkiss and A. N. Mather (both of Hertford) played for the Authentics several times during the season, and both played for Oxford in the match against Cambridge at Lord's.

## HERTFORD DRAMATIC SOCIETY

*President:* K. WEDGWOOD; *Secretary:* J. GRAHAM; *Treasurer and Gastronomer:* L. J. T. Barr.

The Society met on several occasions during Michaelmas Term to read plays. War-time conditions make it extremely difficult to extend our activities, and for the present, at any rate, we must be content to be a play-reading rather than a dramatic society. Half-way through the term we read G. B. Shaw's *Arms and the Man* at Musgrave House with St. Hilary's Dramatic Society, and a fortnight later the members of the same society were our guests at the Playhouse to see the production of *The Apple Cart*. Other plays read during the term included *The Housemaster* (Ian Hay), *The Importance of Being Earnest* and *Macbeth*. At the end of the Michaelmas Term pressure of work forced the officers to resign and some of the members to discontinue their active membership, so that the Society, much diminished in numbers, was unfortunately prevented from reassembling after the Christmas vacation.
